## INDEPENDENT AUDITORS' REPORT

Board of Trustees and Citizens' Bond Oversight Committee  
Glendale Community College District  
Glendale, California

### Report on the Audit of the Financial Statements

#### **Opinion**

We have audited the accompanying financial statements of the Glendale Community College District's (the "District") Measure GC General Obligation Bond Construction Fund and the related notes to financial statements as of and for the year ended June 30, 2025, as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Measure GC General Obligation Bond Construction Fund of the District as of June 30, 2025, and the changes in financial position for the year ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Emphasis of Matter**

As discussed in Note 1, the financial statements present only the District's Measure GC General Obligation Bond Construction Fund and do not purport to, and do not, present fairly the financial position of the District as of June 30, 2025, and the changes in financial position for the year ended, in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

## ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated January 27, 2026 on our consideration of the District's internal control over financial reporting and on our test of its compliance with certain provisions of laws, regulations, contracts and other matters for the Measure GC General Obligation Bond Construction Fund. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance for the Measure GC General Obligation Bond Construction Fund. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance for the Measure GC General Obligation Bond Construction Fund.

**GLENDALE COMMUNITY COLLEGE DISTRICT  
MEASURE GC GENERAL OBLIGATION BOND CONSTRUCTION FUND  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025**

---

**NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES**

**Accounting Policies**

The accounting policies of the Glendale Community College District (the "District") Measure GC General Obligation Bond Construction Fund conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA). The District's Measure GC General Obligation Bond Construction Fund accounts for financial transactions in accordance with the policies and procedures of the California Community Colleges *Budget and Accounting Manual*.

**Financial Reporting Entity**

The financial statements include only the Measure GC General Obligation Bond Construction Fund of the District used to account for Measure GC projects. This Fund was established to account for the expenditures of general obligation bonds issued under the General Obligation Bonds Election of 2016. These financial statements are not intended to present fairly the financial position and changes in the financial position of the District in compliance with accounting principles generally accepted in the United States of America.

**Fund Accounting**

The operations of the Measure GC General Obligation Bond Construction Fund are accounted for in a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures. Resources are allocated to and accounted for in the fund based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

**Basis of Accounting**

The Measure GC General Obligation Bond Construction Fund is accounted for using a flow of current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources.

**GLENDALE COMMUNITY COLLEGE DISTRICT  
MEASURE GC GENERAL OBLIGATION BOND CONSTRUCTION FUND  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025**

---

**NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES, continued**

**Budgets and Budgetary Accounting**

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds. The District's governing board adopts an operating budget no later than July 1 in accordance with State law. A public hearing must be conducted to receive comments prior to adoption. The District's governing board satisfied these requirements. The Board revises this budget during the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

**Encumbrances**

The District utilizes an encumbrance accounting system under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation. Encumbrances are liquidated when the commitments are paid and all outstanding encumbrances lapse at June 30.

**Fund Balances – Governmental Funds**

As of June 30, 2025, fund balances of the governmental funds are classified as follows:

**Restricted** – amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

**GLENDALE COMMUNITY COLLEGE DISTRICT  
MEASURE GC GENERAL OBLIGATION BOND CONSTRUCTION FUND  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025**

---

**NOTE 2 – CASH AND CASH EQUIVALENTS**

**Policies and Practices**

The District is authorized under *California Government Code* to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium-term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

**Investment in County Treasury**

The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (*Education Code* Section 41001). The fair value of the District’s investment in the pool is reported in the accounting financial statements at amounts based upon the District’s pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

**General Authorizations**

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedule below:

Authorized Investment Type	Maximum Remaining Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Local Agency Bonds, Notes, Warrants	5 years	None	None
Registered State Bonds, Notes, Warrants	5 years	None	None
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None
Banker’s Acceptance	180 days	40%	30%
Commercial Paper	270 days	25%	10%
Negotiable Certificates of Deposit	5 years	30%	None
Repurchase Agreements	1 year	None	None
Reverse Repurchase Agreements	92 days	20% of base	None
Medium-Term Corporate Notes	5 years	30%	None
Mutual Funds	N/A	20%	10%
Money Market Mutual Funds	N/A	20%	10%
Mortgage Pass-Through Securities	5 years	20%	None
County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
Joint Powers Authority Pools	N/A	None	None

**GLENDALE COMMUNITY COLLEGE DISTRICT  
MEASURE GC GENERAL OBLIGATION BOND CONSTRUCTION FUND  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025**

---

**NOTE 2 – CASH AND CASH EQUIVALENTS, continued**

**Interest Rate Risk**

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value is to changes in market interest rates. The District manages its exposure to interest rate risk by investing in the County Pool. The District maintains a General Obligation Bond Construction Fund investment of \$18,644,416 with the Los Angeles County Investment Pool, with a weighted average maturity date of 556 days.

**Credit Risk**

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's investment in the County Pool is not required to be rated, nor has it been rated as of June 30, 2025.

**NOTE 3 – FAIR VALUE MEASUREMENTS**

The District categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value. The following provides a summary of the hierarchy used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets that the District has the ability to access at the measurement date. Level 1 assets may include debt and equity securities that are traded in an active exchange market and that are highly liquid and are actively traded in over-the-counter markets.

Level 2 - Observable inputs, other than Level 1 prices, such as quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, or other inputs that are observable, such as interest rates and curves observable at commonly quoted intervals, implied volatilities, and credit spreads. For financial reporting purposes, if an asset has a specified term, a Level 2 input is required to be observable for substantially the full term of the asset.

Level 3 - Unobservable inputs should be developed using the best information available under the circumstances, which might include the District's own data. The District should adjust that data if reasonably available information indicates that other market participants would use different data or certain circumstances specific to the District are not available to other market participants.

Uncategorized - Investments in the Los Angeles County Treasury Investment Pool are not measured using the input levels above because the District's transactions are based on a stable net asset value per share. All contributions and redemptions are transacted at \$1.00 net asset value per share.

**GLENDALE COMMUNITY COLLEGE DISTRICT  
MEASURE GC GENERAL OBLIGATION BOND CONSTRUCTION FUND  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025**

---

**NOTE 4 – ACCOUNTS RECEIVABLE**

Accounts receivables at June 30, 2025, consisted of \$34,208. Amounts relate to the fourth quarter interest receivable from funds held in the County Treasury.

**NOTE 5 – ACCOUNTS PAYABLE**

Accounts payable at June 30, 2025, consisted of \$556,332 of vendor payables.

**NOTE 6 – COMMITMENTS AND CONTINGENCIES**

As of June 30, 2025, the District had \$8,815,500 in outstanding encumbered commitments on Measure GC General Obligation Bond Construction Fund construction contracts.

**Litigation**

The District is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the Measure GC General Obligation Bond Construction Fund at June 30, 2025.

**NOTE 7 – SUBSEQUENT EVENTS**

The District has evaluated subsequent events through January 27, 2026, the date on which financial statements were available to be issued. The District concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements.

---

---

## **OTHER REPORTS**

---

---

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND  
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Trustees and Citizens' Bond Oversight Committee  
Glendale Community College District  
Glendale, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Glendale Community College District's (the "District") Measure GC General Obligation Bond Construction Fund as of and for the year ended June 30, 2025, and the related notes to financial statements, and have issued our report thereon dated January 27, 2026.

***Emphasis of Matter***

As discussed in Note 1, the financial statements present only the District's Measure GC General Obligation Bond Construction Fund and do not purport to, and do not, present fairly the financial position of the District as of June 30, 2025, and the changes in financial position for the year ended, in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

***Report on Internal Control over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over the Measure GC General Obligation Bond Construction Fund. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting for the Measure GC General Obligation Bond Construction Fund.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's Measure GC General Obligation Bond Construction Fund's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses or significant deficiencies. However, material weaknesses or significant deficiencies may exist that were not identified.

### ***Report on Compliance and Other Matters***

As part of obtaining reasonable assurance about whether Measure GC General Obligation Bond Construction Fund's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### ***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

San Diego, California

# **PERFORMANCE AUDIT**

---

---

## INDEPENDENT AUDITORS' REPORT ON PROPOSITION 39 COMPLIANCE

Board of Trustees and Citizens' Oversight Committee  
Glendale Community College District  
Glendale, California

We have conducted a performance audit of the Glendale Community College District's (the "District") Measure GC General Obligation Bond Construction Fund for the year ended June 30, 2025.

We conducted our performance audit in accordance with *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our conclusions based on our audit objectives.

Our audit was limited to the objectives listed on page 15 of this report which includes determining the District's compliance with the performance requirements for the Proposition 39 Measure GC General Obligation Bond Construction Fund under the applicable provisions of Section 1(b)(3)(C) of Article XIII A of the California Constitution. Management is responsible for the District's compliance with those requirements.

Solely to assist us in planning and performing our performance audit, we obtained an understanding of the internal controls of the District to determine if internal controls were adequate to help ensure the District's compliance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIII A of the California Constitution. Accordingly, we do not express any assurance on the internal controls.

The results of our tests indicated that, in all significant respects, the District expended Measure GC General Obligation Bond Construction Fund for the year ended June 30, 2025 only for the specific projects developed by the District's Board of Trustees, and approved by the voters, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIII A of the California Constitution.

The signature of CWDL, Certified Public Accountants, is written in a cursive script.

San Diego, California  
January 27, 2026

**GLENDALE COMMUNITY COLLEGE DISTRICT  
MEASURE GC GENERAL OBLIGATION BOND CONSTRUCTION FUND  
PERFORMANCE AUDIT  
JUNE 30, 2025**

---

**AUTHORITY FOR ISSUANCE**

The general obligation bonds associated with Measure GC General Obligation Bond Construction Fund were issued pursuant to the Constitution and laws of the State of California (the State), including the provisions of Chapters 1 and 1.5 of Part 10 of the *California Education Code*, and other applicable provisions of law. The bonds represent the first, second, third, and fourth series of the authorized bonds to be issued under the 2016 Authorization.

The District received authorization from an election held on November 8, 2016, to issue bonds of the District in an aggregate principal amount not to exceed \$325,000,000 to finance the acquisition, construction, modernization, and equipping of District sites and facilities, and to pay the costs of issuing the bonds. The measure required approval by at least 55 percent of the votes cast by eligible voters within the District.

**PURPOSE OF ISSUANCE**

Pursuant to the 2016 Authorization, the proceeds of the bonds will be used to finance the acquisition, construction, modernization, and equipping of District sites and facilities, specifically, to complete the projects listed in the information given to the voters. The list includes:

- Repairing classrooms/labs to prepare students/veterans for jobs/university transfer.
- Upgrading vocational education equipment/technology for engineering/nursing/law enforcement/firefighting careers.
- Repairing deteriorating gas/sewer lines.
- Improving handicapped accessibility/ earthquake safety.
- Acquiring, constructing, repairing sites, facilities/equipment.

**AUTHORITY FOR THE AUDIT**

On November 7, 2000, California voters approved Proposition 39, the Smaller Classes, Safer Schools and Financial Accountability Act. Proposition 39 amended portions of the California Constitution to provide for the issuance of general obligation bonds by school districts, community college districts, or county offices of education, "*for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of rental property for school facilities*", upon approval by 55% of the electorate. In addition to reducing the approval threshold from two-thirds to 55%, Proposition 39 and the enacting legislation (AB 1908 and AB 2659) requires the following accountability measures as codified in *Education Code* sections 15278-15282:

1. Requires that the proceeds from the sale of the bonds be used only for the purposes specified in Section 1(b)(3)(C) of Article XIII A of the California Constitution, and not for any other purpose, including teacher and administrator salaries and other school operating expenses.
2. The District must list the specific school facilities projects to be funded in the ballot measure and must certify that the governing board has evaluated safety, class size reduction and information technology needs in developing the project list.
3. Requires the District to appoint a citizens' oversight committee.

**GLENDALE COMMUNITY COLLEGE DISTRICT  
MEASURE GC GENERAL OBLIGATION BOND CONSTRUCTION FUND  
PERFORMANCE AUDIT  
JUNE 30, 2025**

---

**AUTHORITY FOR THE AUDIT, continued**

4. Requires the District to conduct an annual independent financial audit and performance audit in accordance with the *Government Auditing Standards* issued by the Comptroller General of the United States of the bond proceeds until all of the proceeds have been expended.
5. Requires the District to conduct an annual independent performance audit to ensure that the funds have been expended only on the specific projects listed

**OBJECTIVES**

Our audit was limited to the objectives listed below which includes determining the compliance with the performance requirements as referred to in Proposition 39 and outlined in Section 1(b)(3)(C) of Article XIII A of the California Constitution and Appendix A contained in the *2024-25 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* issued by the California Education Audit Appeals Panel. Management is responsible for the District compliance with those requirements.

1. Determine whether expenditures charged to the Measure GC General Obligation Bond Construction Fund have been made in accordance with the bond project list approved by the voters through the approval of Measure GC.
2. Determine whether salary transactions, if any, charged, to the Measure GC General Obligation Bond Construction Fund were in support of Measure GC and not for District general administration or operations.

**SCOPE**

The scope of our performance audit covered the period of July 1, 2024 to June 30, 2025. The population of expenditures tested included all object and project codes associated with the bond projects. The propriety of expenditures for capital projects and maintenance projects funded through other State or local funding sources, other than proceeds of the bonds, were not included within the scope of the audit. Expenditures incurred subsequent to June 30, 2025, were not reviewed or included within the scope of our audit or in this report.

In planning and performing our performance audit, we obtained an understanding of the District's internal control in order to determine if the internal controls were adequate to help ensure the District's compliance with the requirements of Proposition 39 and outlined in Section 1(b)(3)(C) of Article XIII A of the California Constitution but not for the purpose of expressing an opinion of the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control. We did not audit the District's financial statements. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

**GLENDALE COMMUNITY COLLEGE DISTRICT  
MEASURE GC GENERAL OBLIGATION BOND CONSTRUCTION FUND  
PERFORMANCE AUDIT  
JUNE 30, 2025**

---

**PROCEDURES PERFORMED**

We obtained the general ledger and the project expenditure reports prepared by the District for the year ended June 30, 2025 for the Measure GC General Obligation Bond Construction Fund. Within the year audited, we obtained the actual invoices, purchase orders, and other supporting documentation for a sample of expenditures to ensure compliance with the requirements of Section 1(b)(3)(C) of Article XIII A of the California Constitution and Proposition 39 as to the approved bond projects list.

We performed the following procedures:

1. We identified expenditures and projects charged to the general obligation bond proceeds by obtaining the general ledger and project listing.
2. We selected a sample of expenditures using the following criteria:
  - a. We considered all expenditures recorded in all object codes.
  - b. We considered all expenditures recorded in all projects that were funded from July 1, 2024 through June 30, 2025 from Measure GC General Obligation Bond Construction Fund bond proceeds.
  - c. We selected all expenditures that were individually significant expenditures. Individually significant expenditures were identified based on our assessment of materiality.
  - d. For all items below the individually significant threshold identified in item 2c, judgmentally selected expenditures based on risk assessment and consideration of coverage of all object codes, including transfers out, and projects for period starting July 1, 2024 and ending June 30, 2025. The results can be projected to the intended population.
3. Our sample included transactions totaling \$21,747,044. This represents over 87.01% of the total expenditures of \$24,993,730.
4. We reviewed the actual invoices and other supporting documentation to determine that:
  - a. Expenditures were supported by invoices with evidence of proper approval and documentation of receipting goods or services.
  - b. Expenditures were supported by proper bid documentation, as applicable.
  - c. Expenditures were expended in accordance with voter-approved bond project list.
  - d. Bond proceeds were not used for salaries of school administrators or other operating expenses of the District.

**GLENDALE COMMUNITY COLLEGE DISTRICT  
MEASURE GC GENERAL OBLIGATION BOND CONSTRUCTION FUND  
PERFORMANCE AUDIT  
JUNE 30, 2025**

---

**PROCEDURES PERFORMED, continued**

5. We determined that the District has met the compliance requirement of Measure GC General Obligation Bond Construction Fund if the following conditions were met:
  - a. Supporting documents for expenditures were aligned with the voter-approved bond project list.
  - b. Supporting documents for expenditures were not used for salaries of school administrators or other operating expenses of the District.

The results of our tests indicated that the District expended Measure GC General Obligation Bond Construction Fund only for the specific projects approved by the voters, in accordance with Proposition 39 and outlined in Section 1(b)(3)(C) of Article XIII A of the California Constitution.

**CONCLUSION**

The results of our tests indicated that, in all significant respects, the District has properly accounted for the expenditures held in the Measure GC General Obligation Bond Construction Fund and that such expenditures were made for authorized bond projects.
