**1. What do you propose to do?**

As the Marching Vaqueros continues to grow, we are seeking to purchase additional uniforms in a wider range of sizes to ensure that all students can be properly fitted and represented in the ensemble.

**2. Who will be involved in the project/program?** Uniforms will be ordered from the Stanbury Uniform company. There will be no design changes. Uniforms will be worn by this and the next incoming class of marching band participants.

**3. What are the benefits of this project/program to the students, college, and the community?**

As the Marching Vaqueros expands and performs at more campus and community events, it serves as a visible ambassador for Glendale Community College. Additional uniforms will allow more students to participate, strengthen school pride, and enhance the college's presence and recognition throughout the community.

**4. How does this project/program support the College's Institutional Strategic Plan?**

The project supports student engagement, inclusion, and community outreach by providing equitable opportunities for participation in a highly visible campus organization that promotes college spirit and strengthens community connections.

**5. Timeline for the project/program.**

Uniforms can be ordered immediately upon grant approval. Based on current vendor estimates, delivery is expected within approximately two months of placing the order.

**6. How do you propose to use the funds requested? Please include specific budget information.**

All requested funds will be used for the purchase of additional marching band uniforms in a broader range of sizes. A detailed quotation from Stanbury Uniforms is attached and outlines the projected costs associated with this request.

**7. Please list any other sources of funding you have applied for and include dollar amounts if already awarded.**

At this time, no additional funding sources have been secured for this project.

**8. How will the Foundation's support be recognized?**

The Foundation's support will be acknowledged and recognized at Marching Vaqueros performances, public events, and other appropriate college functions throughout the year.

**9. How do you plan to evaluate this project's success?**

Success will be measured by our ability to properly fit all participating students, accommodate a broader range of body types, and increase student participation in the Marching Vaqueros program.

**10. If your project/program is successful, how will it inform your practice moving forward?**

The addition of a more complete inventory of uniform sizes will provide a sustainable foundation for future growth, ensuring that all interested students have equitable access to participation in the program.

**11. Please provide a 2–3 sentence summary of your project proposal.**

As the GCC Marching Vaqueros continues to grow and become an increasingly visible part of campus life and athletic events, additional uniforms are needed to support student participation. Funding will allow us to purchase uniforms in a wider range of sizes, ensuring that all students can be properly fitted and represented while strengthening school spirit and community engagement.
